EDUCATION

Sri Shakthi Institute of Engineering and Technology

Sep 2023 - Sep 2027

B.E. Computer Science Engineering

(Cyber Security): CGPA: 7.3/10

Coimbatore, Tamilnadu

S.N.Ramasamy Raja Higher Secondary School

Sankarankovil, Tenkasi

HSC: Grade: 84.6%

June 2022 - Apr 2023

SSLC: Grade: Pass

June 2020 - Apr 2021

SKILLS

- Programming Languages:** Python, Core Java, C
- Tools & Tech:** GitHub, Linux, Adobe Photoshop, Figma, Flutter
- Soft skills:** Team collaboration, Problem solving, Adaptability

PROJECTS

Malcure – Smart Malware Response Using CVE Intelligence:

- Built an automated system that scans entire environments for vulnerabilities and maps findings to relevant CVEs.
- Added capabilities to detect potential zero-day issues and prioritize all risks using CVSS.
- Created automated remediation workflows that deploy patches, update configurations, and generate full audit logs with post-fix verification.

Farmer App :

- Developed a Flutter-based mobile application providing farmers with essential agricultural information, including real-time weather updates for accurate farming decisions.
- Integrated a nearby agriculture store locator and government scheme information to help farmers access resources and benefits quickly.
- Designed a clean, easy-to-use interface suitable for farmers with minimal technical experience.
- Consolidated key farming resources into one platform to enhance decision-making and accessibility.

Certifications

Accenture:

- Digital Skills: User Experience
- Digital Skills: Artificial Intelligence

Simplilearn:

- Introduction to CISSP Security Assessment & Testing and Security Operations

Uniathena:

- MasterChatgpt

Tcs ion:

- Communication skills

Interest in Other Fields

- Graphic Design
- UI-UX Design
