Profile

I am a Computer Science student specializing in Cyber Security with a strong interest in programming, system fundamentals, and learning how software is built and improved. I work on projects that help me understand how applications behave, find issues, and build better solutions. I am also developing my skills in full-stack development, DevOps basics, and the software development life cycle. As an NCC Cadet, I value discipline, teamwork, and continuous learning, which guide my approach to both technical work and personal growth.

EDUCATION

B.E Computer Science and Engineering (Cyber Security), SRI SHAKTHI INSTITUTE OF ENGINEERING & TECHNOLOGY CGPA: 7.81	2023 – 2027
HSC, UKKADAI A APPAVOOTHEVAR HR SEC SCHOOL Percentage: 77.3%	2023
SSLC, ST.MARY'S MATRICULATION SCHOOL Percentage: Pass	2021

SKILLS

Programming Languages Python, C, Core Java	Front-End HTML, CSS	Tools & Tech Git, Linux (Ubuntu), Metasploitable, Basics of Jenkins and Docker, Azure (Basics)
Data Base MySql, MongoDB	Soft Skill Discipline & Consistency, Problem-Solving, Teamwork, Quick Learning Ability	

PROJECTS

Quiz Generator • Developed a web-based quiz generator that creates questions automatically from a user-provided paragraph using JavaScript logic to extract key points and generate meaningful quiz questions. Built an interactive interface with HTML and CSS, enabling users to input content, take quizzes, and view their scores. Designed the system to be simple, user-friendly, and extendable for future question types. • Tech Stack: HTML, CSS, JavaScript	03/2025 – 04/2025
Safe Pipe - Secret Leak Detection & Alerting in CI/CD Pipelines • Developed a DevOps and cloud-based tool to detect and prevent secret leaks across CI/CD pipelines, ensuring strong security controls throughout the workflow. Integrated real-time alerting and reporting capabilities to improve visibility and response. Ensured seamless, scalable deployment using Docker and cloud services for reliable production use. • Tech Stack: Python, SQLite, Streamlit, Tailwind CSS, Langchain, Jenkins, Render, Docker.	06/2025 – 11/2025

CERTIFICATIONS

Python for Engineers
