SUMMARY

Passionate and driven Computer Science student with a solid foundation in Java, frontend development (React, Tailwind CSS), and full-stack web technologies (MERN stack). Adept at building innovative, user-focused projects and solving real-world problems through clean code and thoughtful design. Eager to contribute to impactful software solutions while continuously learning and growing as a developer.

EDUCATION

Sri Shakthi Institute Of Engineering And Technology, Comibatore	Oct 2023 - Till 2027
Computer Science Engineering	Bachelor of Engineering
8.7* CGPA	
Kongu Vellalar Matriculation Higher Secondary School, Karur	Jun 2022 - Jun 2023
12th - CS Maths	Higher Education
89%	
Kongu Vellalar Matriculation Higher Secondary School, Karur	Jun 2020 - Jun 2021
10th	Primary Education

PROJECTS

CLOTHING ECOMMERCE	Jun 2025 - Sep 2025
Developed a full-stack clothing e-commerce website using MERN, with features like product catalog, secure payment gateway and user authentication integrated with an admin panel.	
TECH: React JS Node JS Express JS MongoDB JWT Stripe	
PRICE TRACKER	Aug 2025 - Oct 2025
Developed a full-stack React Native mobile application for real-time product price tracking from Amazon and Flipkart, with price history visualization, personalized alerts, and secure user authentication using MongoDB and JWT.	
TECH: React Native Node JS Express JS MongoDB JWT	
MEET AI	Nov 2025 - Present
Developed Meet AI, an app that generates instant meeting summaries and action points using AI with secure authentication.	
TECH: Next.js Node.js MongoDB OpenAI	

TRAINING

App Innovation Technologies	May 2025 - Jul 2025
Completed a 15-days hands-on training in MongoDB, Express.js, React.js, and Node.js (MERN stack) at App Innovation Technologies. Gained practical experience through workshops and real-world problem-solving sessions, and successfully developed a capstone project demonstrating end-to-end application development using the MERN stack.	

SKILLS

Technical

- Java
- MySQL
- MVC
- OOPS
- HTML
- CSS
- Bootstrap
- Tailwind CSS
- Express
- NodeJS
- React
- MongoDB
- JavaScript

Tools

- GitHub
- VS Code
- Canva
- Postman

ACHIEVEMENTS

Solved 100+ LeetCode problems in Java, strengthening problem-solving skills and expertise in algorithms and data structures.

Completed hands-on full-stack development training at App Innovation Technologies, gaining practical experience with MongoDB, Express, React, and Node.js through workshops and a capstone project.

Finalist in National-Level AI Hackathon-Horizon'25
